***Election/Restrictions***

1. This application is in condition for allowance except for the presence of claims 1-24 and 44-66 which are directed to a non-elected invention made without traverse. Accordingly, claims 1-24 and 44-66 have been cancelled.

***Allowable Subject Matter***

2. Claims 25-43 and 67 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Nahan (US 6,343,273), discloses a system used for the purchase and sale of art by dealers in the art industry wherein if a customer decides to make a purchase, notification is instantly sent throughout a global network that the particular work is no longer available for sale and it is marked on the monitor with a red dot (customarily used for a "sold" sign in galleries everywhere).

Nahan lacks the teaching of "notifying a notified customer about a purchase made by a purchasing customer in combination with providing the notified customer with a notification identifying the purchasing customer has purchased an item, and wherein the notified customer is not a party to the purchase transaction," as is recited in independent claims 25, 42 and 43.

The limitations lacking in the prior art, in combination with the other limitations clearly claimed for patent, are novel and unobvious.

***Conclusion***

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
